

HOW SYNERGY IS PACKAGED AND SHIPPED

Products shipped by Synergy Wood are given to the carrier in good condition. They are packed with great care, using standard approved packaging methods, and then photographed.

The photo below is a typical pallet ready to be shipped LTL.

Pallet Sizes and Configuration

During the course of inspecting and defecting our lumber, Synergy generates shorter length boards from the original board.

These shorter length boards, which are generated from #2 Cypress, Select Cypress, #2 Southern Pine, C-Grade Southern Pine and #2 Ponderosa Pine, are 4', 5', 6' and 7'.

Full length boards that are available are as follows:

Cypress: 8', 10', 12' & 14'

Southern Pine: 8', 10' & 12'

Ponderosa Pine: 8' & 10'

When available, an order may have some shorter lengths put onto the pallet to make-up the order. These shorter lengths will be put on the top of the longer lengths and will consist of either one length only or a combination of two lengths that total up to the length of the longer lengths below them. We package our boards in 4 piece bundles.

The shorter lengths will not exceed 30% of any one-line item on an order.

The lengths that make up an order are determined when that order comes up in the production cycle.

The following are a few examples of how we will fill an order:

HOW SYNERGY IS PACKAGED AND SHIPPED

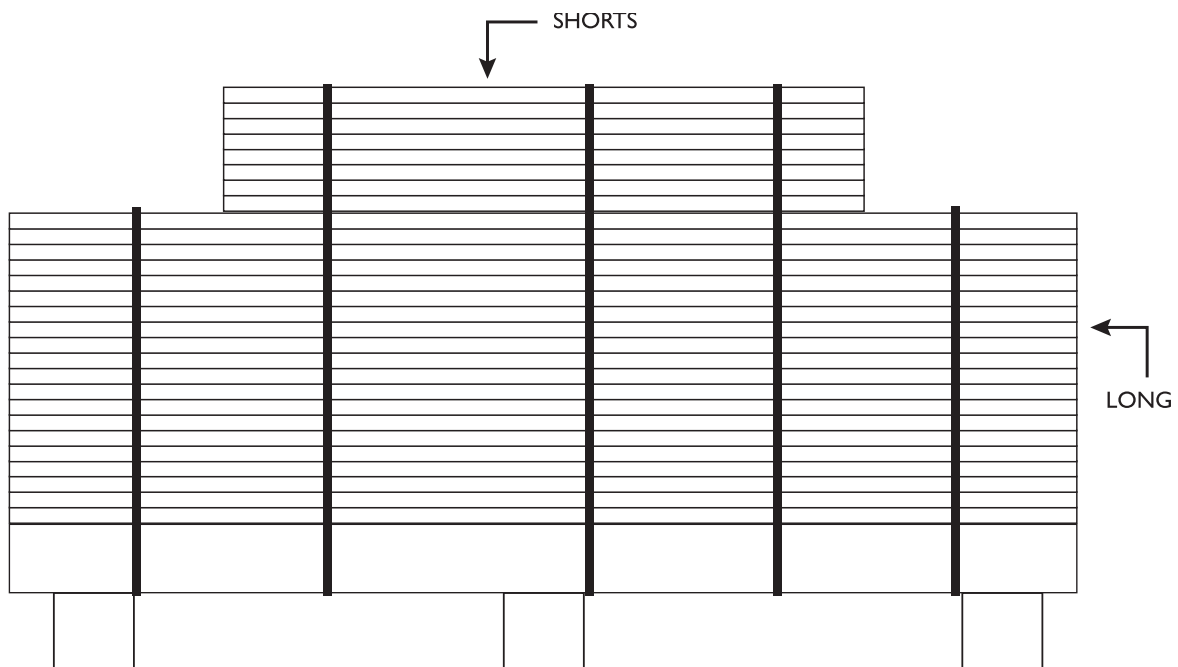

Job No: **5555**
Customer: **XYZ LUMBER CO**
PO: **123-4567**
Wood: **#2 CYPRESS**
Color: **AUBURN**

Length (ft)	Qty (Pcs)	Total Length	Packs of 4	
4			20	19.00
5	76	380		
6				
7				
8			40	37.00
10	148	1,480		
12				
14				
Tally Total		1,860	56	
Target Amount		1,850		
Difference		-10		

Example: Job 5555

The customer orders 1,850 lf of #2 Cypress Auburn. At the time the order is ready to go into production, Synergy has 10' lengths available plus shorts of all lengths. Since we package our boards in 4 pc bundles, the total lineal footage that will be shipped is 1,860 LF. A sample tally of this order is on the left.

So, on this order / pallet, there will be 148 pcs at 10' on the bottom and 76 pcs at 5' on top. There will be a total of 56 bundles of 4 pcs each on this pallet, which will look like this:
