Elevate

ELEVATE YOUR SPACE WITH THE NATURAL BEAUTY OF WOOD CEILINGS & WALLS

CREATE A WARM AND INVITING SPACE YOU CAN ENJOY FOR YEARS TO COME.

Synergy Southern Pine is handcrafted to highlight the natural color, grain, and smooth texture of each board. With warm tones ranging from pale yellow to rich reddish brown, every variation in knots, color, and grain brings the unique beauty of real wood to life.

Synergy Wood® creates beautifully prefinished wood paneling for ceilings and walls—designed to save homeowners and contractors time by eliminating messy, unpredictable onsite finishing.
